

Global LEAP Awards

Off-Grid Refrigerator Competition

WINNER: LARGE REFRIGERATOR-FREEZER COMBINATION UNIT

Basil Energetics Private Limited has been named the Winner in the Large Refrigerator-Freezer Combination Unit Category of the 2016-17 Global LEAP Awards Off-Grid Refrigerator Competition for the following product model:

Basil
DC170L

22 January 2018

The Global LEAP Outstanding Off-Grid Appliance Awards support self-sustaining commercial markets for off-grid energy products by identifying and promoting the most energy-efficient, affordable, highest quality appliances appropriate for off-grid use. Global LEAP is an initiative of the Clean Energy Ministerial, led by dozens of leading international partners.

The 2016-17 Global LEAP Awards recognize outstanding Off-Grid Televisions, Fans, and Refrigerators.

Winning and finalist off-grid refrigerator products are named in each of five categories: small refrigerators, medium refrigerators, large refrigerators, small refrigerator-freezer combination units, and large refrigerator-freezer combination units.
